All-new Renault DUSTER

RENAULT

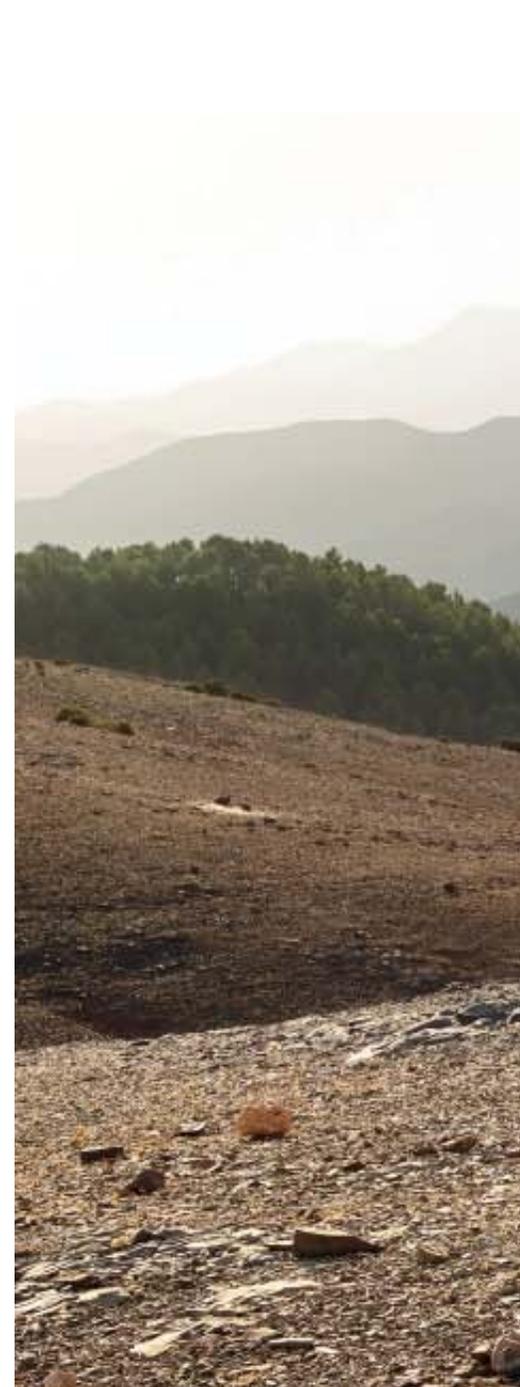

Powerful design

Robust off-roader looks

Built for adventure, All-new Renault Duster is a vehicle of distinctive styling. The tone is set by the aggressive lines and chrome trim of the grille, alongside a raised waistline and powerful C-shaped light signature. These strong, powerful lines are enhanced by 16- or 17-inch alloy wheel rims that underline the car's character. A car to open new horizons.

A cabin designed for you

The interior of All-new Renault Duster reflects its generous, adventure-seeking nature. The spacious cabin is bright and reassuring. The driver* and passenger seats provide plenty of support to ensure your comfort wherever you go. The upholstery features a high-quality finish, as does the dashboard, where particular emphasis was placed on ergonomic design. Behind the steering wheel, adjustable for height and reach, TFT digital meters invite you on an inspirational and illuminated tour of discovery.

*With armrest and lumbar adjustment.

Equipped to go further

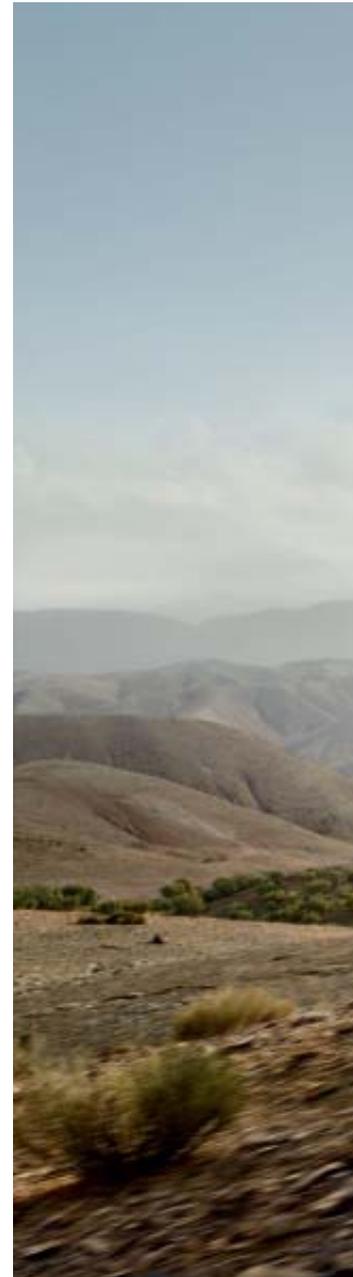

Harnessing the spirit of adventure

Nothing stops All-new Renault Duster, neither sharp slopes, nor steep tracks. Hill Start Assist and Hill Descent Control let you drive anywhere with ease. At the same time, the Multiview camera acts as a third eye, highlighting any holes, stones or obstacles likely to get in your way. With 4x4 Monitor, you can even check the pitch and roll angles of your SUV at any time. Explore without limits.

Easier city driving

Drive with an easy mind. Use the hands-free card to lock and unlock the doors from a distance! You can even start the air-conditioning before getting into the car. All-new Renault Duster likes to take care of you. On the road, the blind spot warning picks up any hidden vehicles, while the speed limiter and cruise control functions help you concentrate on your driving. Delivering real support, in the city and elsewhere!

Heading for the wide open spaces

What could be more exciting than setting out on an adventure with your family or friends? It takes just a few seconds to adapt the modular interior layout of All-new Renault Duster to your needs or requirements: the rear bench seat features a 1/3-2/3 split-fold function, while the boot boasts record loading capacity*. Duster features an array of storage compartments around the cabin, from the doors to the seat backs via the central console. Your passengers enjoy every comfort.

*445 dm³ in the 4x2 version.

• = Standard; ○ = Option; - = Not available; * Bovine split leather. ** Leather / plastic-coated upholstery with (bovine) leather on the central section of the seat and seat back. (1) Can only be disconnected on 4x4 versions. (2) The "spare wheel + jack" option replaces the "tyre inflation kit". (3) The "rear-view camera" option requires the "Media Nav Evolution" feature. (4) The "Multiview Camera" option requires the option "Media Nav Evolution", "rear parking sensors" and "blind spot warning". (5) The "hands-free card" option requires the "Interior Comfort Pack" option. (6) The "Media Nav Evolution" option replaces the "Plug & Radio" feature. (7) The "Media Nav Evolution" option requires the "soft feel steering wheel and gear lever knob" option. (8) The "European Maps" option requires the "Media Nav Evolution" feature. (9) If the car has a navigation system, the time and exterior temperature are displayed on the navigation screen.

1. Tool-free removable towbar: Essential for safely towing or carrying your equipment – e.g. bicycle rack, trailer, boat, caravan, etc. With its tool-free removable tow ball, it does not detract from your vehicle's looks. Recommended for frequent use.

2. Express Hang On bicycle rack – on towbar: Whether alone or with a passenger, take your bikes with you – quickly, simply and safely! Foldable and tiltable, it always leaves the boot accessible, even when the bikes are installed on the bicycle rack.

3. Side steps: Strike off the beaten path with go-anywhere styling. A convenient accessory that makes it easier to access your vehicle and its roof.

4. Roof spotlights: Light up the way on any terrain. Installed on the roof bars, the two lights complement the main beam headlights.

5. Bull bar: Protect your vehicle's bumpers and enhance its muscular looks.

6. Chrome styling bars: Protect your Duster from minor everyday knocks while underlining its robust looks. Set of 4 bars (front, rear and side).

7. 180° front camera: Essential for manoeuvring easily, safely and accurately. This system gives you a complete picture of the area in front of your vehicle, displayed directly on the navigation screen.

8. Built-in dashcam: Essential for your safety and peace of mind on the road. This automatic and autonomous on-board recording system remembers where you were at what time.

9. EasyFlex modular boot protection: Non-slip and waterproof, it is essential for protecting the boot of your vehicle and transporting bulky and dirty items! It adapts to the configuration of the rear seats to cover the entire loading area.

A wide-angle landscape photograph showing a dry, rocky plain in the foreground. A road or path winds through the terrain, leading towards a range of mountains in the distance. The sky is hazy, and the overall scene conveys a sense of vastness and ruggedness.
