New Renault KWID

The robustness and look of an SUV

Finally, you no longer have to choose between a heavy-duty car and a compact car. Renault KWID combines both and brings together the practicality of a compact car with the specifications of a genuine SUV: a sturdy and striking design, as well as economy and technological advances. Besides, its front grille, 14" wheel rims and door mirror shells give it a distinctive look when compared to other cars in its class.

The largest interior space in its class

Renault KWID's interior space is a masterful blend of modernity and ergonomics. The car is roomy and comfortable for driver and passengers alike. And, for added convenience, Renault KWID is equipped with numerous storage spaces and a spacious boot (290 litres), making day-to-day life easier. The technological side of things has not been neglected. As proof, there is the connection system that mirrors the screen of your phone using Android Auto™ or Apple CarPlay.

New KWID Outsider: Pure personality

Practical and innovative, energy-efficient, spacious: these are the key features of Renault KWID Outsider. A host of features add a sporty touch: tyres, grille, mouldings, door mirror shells. As for the interior, the overstitched upholstery and quality finishes highlight the vehicle's unique character.
